BRAVERY Individuals with this strength might be described as: courageous, valorous, heroic, daring, valiant, noble Individuals with this strength are likely to think, feel, or behave in the following ways: <ul style="list-style-type: none"> I would prefer to try and fail, then to never try at all. Doing what is right is the most important thing, even if that means I may be personally injured. I know what I'm afraid of and take action to overcome my fears. Knowing the right thing to do doesn't matter if you don't do what is right. When facing a tough decision, it's better to act in good conscience than sit and do nothing. <i>The Positivity Project, 2016.</i>	SAFETY REMINDERS: <ul style="list-style-type: none"> *Students may not be on campus until 7:15am (supervision starts). *During school hours from 7am-6pm, no students/adults should be standing/loitering in front of classroom doors, hallways, blind spots, and any location with no supervision on campus.
