## OCTOBER, 2018

### GENEVIEVE BARNES

Genevieve Barnes is an Employee of Distinction! Genevieve goes the extra mile to ensure that everything is done "first class" in the El Dorado Office. She double, triple, quadruple checks important tasks ensuring that they are done the right way. She is a master of prioritizing tasks and can always be counted open to finish the job. Since Genevieve has taken over Transportation duties, she has been instrumental in bridging the gap between the Transportation Department and our school site ensuring that our students get to where they need to be. I believe her most valued characteristic is her ability to build positive relationships with all kids that walk through the El Dorado Office door. Genevieve has the unique ability to actively engage all students. She builds rapport that fosters relationships comprised of trust and sincerity. Last but not least, she is able to keep her Learning Director in line, which can be quite the task..... Thank you Genevieve for going above and beyond for CNEC! You are truly an "Employee of Distinction!"

### RICH BRAZIL

Rich is the Director of Sport for Track and Field and **sprints** the extra mile in everything he does; often offering to help out when he can in areas outside of his duties. His motivating coaching style not only impacts athletes but also encourages students that attend medical PE – another area of responsibility. Rich **hurdles** through the administrative paperwork that comes with being a Director and usually has things turned in ahead of deadlines. Rich is an **MVP** of our team!

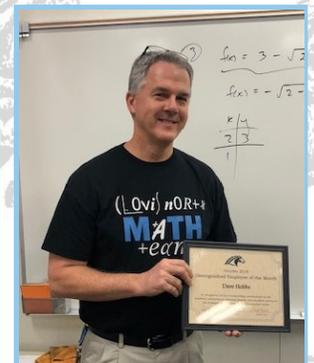

### GLENDA HEDRICK

Glenda Hedrick, the "Queen of Attendance," is a tremendous asset to the Clovis North Educational Center! Not only does Glenda oversee monthly & daily attendance reports, she also supervises the Independent Study process for both Clovis North and Granite Ridge. This last month alone, she had to coordinate Independent Studies for 29 students who served as camp counselors in Wonder Valley (all within 1 week!). These are just a few of the roles in which she serves at Clovis North Educational Center. The thing we appreciate most about Glenda is her kind spirit and positive attitude in times of adversity. Glenda always approaches situations humbly and with a solution in mind. For these reasons and many more, Glenda is the perfect example of what it means to be an Employee of Distinction!

### DAVE HOBBS

Mr. Hobbs will always do whatever it takes to support his team. For the past two months, Mr. Hobbs has, not only been teaching his own math classes and supporting his own math students, but he has been supporting AP Calculus and Honors Math 3 students while Mrs. Lummis was out for maternity leave. He unwaveringly supports his teachers and willingly sacrifices his time to do what he believes is best for his department and best for students. Thank you, Mr. Hobbs, for your generosity, caring, and kindness. You truly go above-and-beyond for CNEC!

## OCTOBER, 2018

**ROZENE MASON**

Rozene is an Employee of Distinction! She goes above and beyond her job description every day to make sure that students are cared for and are able to benefit from their educational experience. Rozene takes on additional duties without being asked to make sure the Student Services office runs smoothly. This year, Rozene was asked to begin helping with Independent Studies packets. She quickly learned her new responsibilities and despite how busy she is, she makes time to get the packets done and check in with the students to ensure they get the work completed! Rozene does all of this with a smile on her face and makes everyone in Student Services feel welcome!

**RAUL MOLINA**

Raul is an amazing person to work with because he is willing to help with anything at any time. He has a heart for the work he does and the people he works with. He is the one we trust to do anything dealing with technology. He is incredibly knowledgeable, genuinely friendly and super helpful. He spends much of his time rescuing teachers from technology situations and he does it all with a smile. Thank you for always being so positive and supportive.

**MAGGIE RESENDES**

Maggie is amazing! This year she has taken on the challenge of being the Department Chair for Special Education at the exact moment when three brand new teachers came on board and two teachers out on long term leave. In addition to handling the regular/daily entertainment that comes with working in RSP, she has also taken on the challenge of shaping and molding future educators. She has done this with grace and patience. We are lucky to have Maggie running our team.
