

CSI - Clovis Support and Intervention

Secondary Parent Permission Form

Dear Parents or Guardian,

Granite Ridge Intermediate offers students the opportunity to participate in educational support groups that are part of our Clovis Support and Intervention (CSI) program. It is our goal in these groups that students will gain education, peer support and communication skills as they continue to work towards personal and academic success. Participation in the program is voluntary and parent/guardian consent is required

Students in group are responsible for making up all class assignments and arranging a time with the teacher to make up any quizzes or test. Their teachers will be notified that they are attending a CSI group. These confidential groups are led by staff specifically trained and certified in educational support group facilitation. The group will meet once a week for one class period and run for 8 weeks.

We would like your permission for your student to participate in the CSI group. We will be using data received from the anonymous Entry and Exit Group Questionnaires to show the value of support groups in helping students get through the tough times or challenges in their life. We want to emphasize again, that the data collected is anonymous.

If you have any questions regarding your child's participation, please feel free to contact me at NicoleTorres@cusd.com.

Sincerely,

Nicole Torres

GR CSI Site Coordinator

Please return the bottom portion to Mrs. Torres.

_____ has my permission to attend a Granite Ridge Intermediate (CSI) Clovis Support and Intervention Educational Support group.
