2. **Performance Experience:** Please list any relevant or interesting performance or theater experience that you have:

3. **Dialogue:** You will choose one character's lines to read (on the back). This is your chance to show emotion, expression, and have fun!

4. **Singing:** you will be asked to repeat some notes sung to you, and then sing 30 seconds of *Hakuna Matata* along with the track (instrumental and lyric track will be emailed to any that indicated they are auditioning on the google form). Please keep in mind we are casting a performance musical so your audition song should be performed with emotion as if you were performing it on stage in a theatrical format rather than a recital format—we are looking for emotion, expression, and fun!

**Audition Lines- choose ONE of the monologues. You may read from or memorize the lines; remember that the most important thing is to show emotion, expression, and have fun!**

**Choice #1 Synopsis:** *Jordan's dad is watching the news. Jordan wants to watch cartoons instead.*

**JORDAN:** Why do you watch the news every night, Dad? It's booooooring! It's always the same. The news is just a bunch of guys talking. It's *just so boring!* Can't we watch the cartoon channel? Don't you like to laugh? I feel like my head is going to explode all over this room I'm so bored: pow! Splat! Smush! Here, I'll be the news guy: "Tonight, everyone is very boring in the whole world. The whole world is boring and a bunch of other guys said boring things and the weather is boring. Have a boring night. I'm boring. Good night." That's it! I just did the news for you. Now you don't have to watch it! Let's watch cartoons!

**Choice #2 Synopsis:** *Taylor wants to help mom bake in the kitchen. Taylor wants to grow up to be a chef.*

**TAYLOR:** Mom, can I help? Why not? I'm good at baking. I do not make a mess! I do a good job. Can we make cookies? Chocolate chip? Everybody likes cookies. I'm done with my homework. So can I help you? Please? I want to be like Rachel Ray when I grow up. I will cook delicious food in a huge restaurant. Can I use the rolling pin? I like the rolling pin. You want me to watch TV? I never get to help. You told me you'd teach me to cook when I'm older, and I'm older now. I know you told me that last week, so I'm a whole week older now. I just want to help, Mommy!
