

TUTOR.COM FOR TEACHERS & ADMINISTRATORS

This video series shares an overview of everything from the student features of the program to using your Client Portal reports. Each "bitesize" video will provide you with information that will help you get the most out of your Tutor.com program!

EPISODE 2

Coursework & Homework

This video shares a few ways that you can incorporate Tutor.com into both your classroom routine and homework routine.

EPISODE 4

The Program Snapshot Report

This video will familiarize you with the Program Snapshot Report. You'll be able to see usage of your Tutor.com program over time, a breakdown of locations, subjects, session length, and student feedback.

EPISODE 1

Student Account Features

This video, for teachers, counselors, and administrators, takes you through the program features that are available to your students.

EPISODE 3

The Client Portal Dashboard

This video will introduce you to the Client Portal which gives you access to valuable information about how your students use the Tutor.com service.

EPISODE 5

The Student Usage Report

This video will provide an overview of the Student Usage Report. This report is particularly useful for teachers, professors, and counselors who may be interested in which of their students are utilizing Tutor.com.

EPISODE 7

The Topic Drilldown Report

This video will provide you with an overview of the Topic Drilldown Report. Instead of sessions or students, this report will give you insight into what subtopics your students have worked on with tutors.

EPISODE 6

The Individual Student Sessions Report

This video will provide you with an overview of the most detailed report available. Take a deep dive into every session your students have had, and even view the transcript!

EPISODE 8

Early Alerts

In this video you'll learn how Tutor.com's Predictive Insights and Early Alerts can help you identify students who may benefit from intervention or additional instruction.
